Department of Administrative Reforms and Public Grievances presents **National Awards for e-Governance** every year to recognize and promote excellence in implementation of e-Governance initiatives. These awards intend to encourage horizontal transfer of ICT based practices, promote citizen-centricity of ICT applications as well as the innovative usage of technology amongst others. The National Awards for e-Governance attract a large number of nominations every year and are selected after rigorous processing and meticulous review of each nomination. Over the years, due to the high standards of quality, fairness and transparency in the selection process, these awards are considered very prestigious and are extremely sought after.
